Watch this video about creating a rolling cart. <a href="https://www.youtube.com/watch?v=-RK77vppFgQ">https://www.youtube.com/watch?v=-RK77vppFgQ</a>

| Then create an <u>Ultimate creative rolling car</u> that can go down a ramp. How many     |
|---|
| different ideas can you try? Draw a picture of your rolling cart and explain if your cart |
| was able to roll down a ramp. If not, what adjustments to the design did you make?        |
